This card out of the blue is a result of a suggestion by Debra Conway of Lancer in Texas. I have greatly admired your books since I first discovered your Case Open in 1994. I appreciate the care and dedication that went into Whitewash and I was acutely sensitive to the anger that helped to produce it. I am not a researcher, but I have read a great deal about the assassination and other events that cause me worry about our success as a democracy. Thank you both for your help in opening so many eyes.

Sincerely yours
